ORGANISATION NAME

Approval Date: 14/01/2018 Revision Date: 01/01/2019

Responsibility for approval of policy: NEC IPBA

Responsibility for implementation: Designated Liaison Person

Responsibility for ensuring review: Garda Vetting Officer IPBA

Policy Statement

The IPBA is committed to the protection and welfare of our juvenile members. As part of this commitment, the IPBA will comply with relevant legislation and recommended best practice in recruitment and selection procedures for both employees and volunteers, and will conduct Garda Vetting, where appropriate, as part of this process.

Purpose

The purpose of this document is to provide information and guidance on Garda Vetting procedures within the IPBA.

Scope

This policy applies to IPBA employees and volunteers who will carry out “relevant work” with children and/or vulnerable adults as defined in the National Vetting Bureau (Children and Vulnerable Persons) Acts 2012 -2016 (See Appendix I) Responsibility for ensuring this policy is effectively implemented rests with the Garda Vetting Officer within the IPBA (Brian MacMahon) . All other staff members and volunteers in the IPBA are expected to facilitate and support the implementation of this policy.

Glossary of Terms and Definitions

National Vetting Bureau (NVB): is the national bureau of the Garda Síochána which conducts vetting of applicants engaged in relevant work to ascertain whether these applicants have a criminal record as defined below Garda Vetting: Garda Vetting is the process by which the National Vetting Bureau gives a statement on whether a person has had any convictions - pending or completed - recorded against their name (subject to the Spent Convictions Act of 2016 which allows for certain convictions to become “spent”). In certain circumstances specified information may be disclosed.

Criminal Record: in relation to a person means

- a) A record of the persons convictions, whether within or outside the State, for any criminal offences together with any ancillary or consequential orders made pursuant to the convictions concerned
- b) A record of prosecutions pending against the person whether within or outside the state for any criminal offence
- c) Or both

Specified Information: Specified information in relation to a person who is subject of an application for vetting disclosure means information concerning a finding or allegation of harm to another person received

by the Bureau from An Garda Síochána or a scheduled organisation pursuant to section 19 of the Act. (See Appendix 1)

It is information that is considered to give rise to a bona fide concern that the vetting subject may harm, attempt harm or put at risk a child or vulnerable person or both. If such information is going to be disclosed

to a relevant organisation relating to one of their applicants, the Chief bureau officer must, in advance, notify the vetting subject of the intention to disclose the information

Spent Convictions Act 2016: The Spent Conviction Act allows for certain convictions to become “spent” after a period of time has elapsed (7 years being the standard).

The following convictions will always be disclosed:

- Offences against the person (except minor public order offences)
- Sexual offences
- Convictions on indictment that go to circuit court or higher court.

The Vetting Disclosure will include:

Particulars of the criminal record (if any) relating to the person and a statement of specified information (if any) relating to the person which the Chief Bureau Officer has determined in accordance with Section 15 of the Act should be disclosed.

or

State that there is no criminal record or specified (soft) information in relation to the person

Liaison Person is the person who is nominated to apply for and receive vetting disclosures on behalf of applicant organisations. The Liaison Person may be nominated to act for a consortium of organisations (e.g. Volunteer Centres.) or from a representative body for a group of organisations.

Child: a person under the age of 18 years.

Vulnerable Adult: a person, other than a child who is suffering from a disorder of the mind, whether as a result of mental illness or dementia, has an intellectual disability is suffering from a physical impairment, whether as a result of injury, illness or age,

or

Has a physical disability, which is of such a nature or degree as to restrict the capacity of the person to guard himself or herself against harm by another person, or, that results in the person requiring assistance with the activities of daily living including dressing, eating, walking, washing and bathing.

Registered organisation: A volunteer centre that has a vetting relationship with National Vetting Bureau of the Garda Síochána in the Act is referred to as a registered organisation.

Relevant Organisation: See below

(There are other types of Registered Organisations, such as umbrella bodies)

Affiliates: Are relevant organisations who are affiliated to a local volunteer centre for vetting purposes. All VCs keep an up to date list of affiliates officially with the NVB.

Liaison person: The person in your local Volunteer Center who processes Garda Vetting information on behalf of its affiliates

Garda Vetting Officer: The person in your organisation who the Liaison Officer can work with in relation to vetting

Natural Justice: There are essentially two sections to the Rules of Natural Justice, the first being derived from the Latin maxim "audi alteram partem" (let the other side be heard). This is the

duty to allow persons affected by a decision to have a reasonable opportunity of presenting their case.

The second part of the Rules of Natural Justice is derived from the Latin maxim "nemo iudex in causa sua" (no one can be the judge in his own cause). This gives rise to a duty to act fairly, to listen to arguments, and to reach a decision in a manner that is untainted by bias.

Principles

Garda Vetting is just one of a number of elements that the IPBA implements to ensure the protection and safety of the children and/or vulnerable adults in the IPBA's care. Appropriate recruitment screening (including interviews, reference checking), child protection and health and safety procedures, etc. will be implemented along with Garda Vetting.

The IPBA insists that all registered members of the organization who are currently involved in "relevant work" as defined under the Act will apply for Garda Vetting with immediate effect. Newly registered members will not work / volunteer with children or vulnerable adults in the IPBA until their Garda Vetting has been completed and the results conveyed to the organisation's Garda Vetting Officer by the Liaison Person. It will be an offence to start a person in relevant work before Garda Vetting is completed.

Having a criminal record will not automatically exclude an individual from employment/volunteering unless they relate to the offences outline in Section 10 (see Appendix I).

Decisions on whether to involve an individual with prior criminal convictions will take into account:

- the individual's abilities, skills, experiences and qualifications;
- the nature of the conviction and its relevance to the job;
- the length of time since the offence took place;
- the risk to the service users, employees and organisation;
- training which may have occurred since the time individual's offence

The IPBA will employ a Natural Justice framework in dealing with any disclosures of convictions.

Vetting Applications Process

All vetting applications for employment / volunteer roles with the IPBA shall initially be processed by their GVO before referral to the Liaison Person who is trained by the Garda Vetting Unit in the management of Vetting applications and disclosures. The IPBA has appointed Carlow Volunteer Centre to act as Liaison Person on its behalf.

The IPBA will nominate one National Executive Committee Member to act as the 'Garda Vetting Officer'(GVO).

The responsibilities of the GVO include:

- Assessing when Garda vetting is necessary for each employment position / volunteer role i.e. the role involves "relevant work" with children or vulnerable adults as specified in the National Vetting Bureau (Children and Vulnerable Persons Act) 2012 to 2016.
- Ensuring that candidates for employment positions/volunteer roles are provided with the correct Garda vetting forms and that the forms are completed accurately and in full, prior to submitting them to the Liaison Officer
- Verifying the identity of the person submitting the vetting application by checking relevant ID
- Ensuring all personal information in relation to vetting is kept confidentially and in compliance with Data Protection legislation and best practice
- Ensuring that IPBA staff / volunteers are aware of the organisation's Garda Vetting Policy.
- The IPBA will nominate 3 representatives from the NEC to make up the "Garda Vetting Sub-Committee".

The responsibilities of the Sub-Committee includes:

- Ensuring organisational compliance with the Garda Vetting policy
- Assisting the Garda Vetting Officer to make decisions on the suitability of candidates following the disclosure of convictions and or specified information via the Garda vetting process.
- If the individual being vetted is over the age of 16 and under the age of 18, they are required to have a completed parent / guardian consent form which must be submitted along with their vetting application form.

The IPBA will not accept historical vetting information from employment / volunteer candidates or from their previous employers / volunteer managers. Each new employer / volunteer must be vetted via the IPBA vetting process, even if engaging an individual already vetted elsewhere.

The IPBA will require all of its existing staff/volunteers to be re-vetted at regular intervals of 5 years.

Vetting Disclosures Process

On return from the National Vetting Bureau the forms will be processed by the nominated Liaison Person who will inform the IPBA Garda Vetting Officer by letter of the results.

The Liaison Person will pass on a copy of the persons disclosure to the Garda Vetting Officer for their consideration, and this document will be held confidentially within the organisation.

Where serious convictions are disclosed, (for e.g. those itemised in 10.1 and 10.2 – see Appendix I) it is important to know that the applicant will be informed by the National Vetting Bureau that such convictions are being disclosed to the relevant organisation. When the disclosure is received by the organisation a letter to the person asking them to attend a meeting with the Vetting Committee of the IPBA should be sent.

The purpose of this meeting is to allow the applicant (employee / volunteer) to discuss the information returned by the Garda Vetting Bureau and to give them an opportunity to explain the circumstances surrounding the conviction.

A written record of this meeting will be kept and the time, date and duration of the meeting recorded.

At this meeting, the IPBA guarantees that:

- Everyone, no matter what their history, is given fair and equal treatment and the right to state their case. Cognisance is of Repeat Offending, Restorative Justice and Rehabilitation of Offenders.
- A disclosure of conviction will not automatically preclude the applicant from obtaining the position in question. Cognisance is taken of the applicant's self-disclosure or non-disclosure of a conviction at the time of the application and of their experience (work record etc.) and rehabilitation subsequent to any conviction disclosed.

Where multiple convictions are evident but may be as the result of a particular lifestyle, e.g., drug addiction, then the change in lifestyle must be taken into consideration.

Applicants who deny any convictions returned by the Vetting Bureau will be provided with details on how to write a letter of appeal to amend their records at the Vetting Bureau.

Applicants are informed that in the case of uncertainties their form will be returned to the Vetting Bureau seeking clarification.

The applicants name and date of birth are re-checked at the start of the meeting as mistakes may be made by the Vetting Bureau where names and addresses are similar.

The IPBA will consider each Garda Vetting form returned with convictions individually and the IPBA will always treat the applicant with respect, dignity and complete confidentiality.

The IPBA recognises that there are three potential outcomes of the review meeting:

- In line with this policy and taking all things into consideration including interview, current history and references, the applicant may be offered the position.
- The applicant's Garda Vetting form is returned to the Garda Vetting Bureau for further clarification, in which case a second review meeting may be held.
- The applicant is deemed unsuitable for the position on offer by nature of their history of offences.
- In each case a written explanation of the outcome will be sent to the applicant by letter. A record of this letter, including date sent must be kept. A record of any replies received and any follow-up must also be kept.

Confidentiality and Data Protection

All information in the vetting process will be held in a manner consistent with the IPBA confidentiality policy.

The IPBA also complies fully with good practice regarding the secure storage, handling and use of the Vetting Bureau disclosures and personal vetting information as per Data Protection Policy and legal obligations under Data Protection Legislation

Circumstances for the Withdrawal of the offer to Work / Volunteer

The IPBA considers the following as reasonable grounds to withdraw an offer or opportunity of employment / volunteer role to an individual:

- The individual has been charged with, or convicted of a sexual offence;
- The individual has been charged with, or has a conviction for, an offence that relates to the ill treatment of a child, or a vulnerable adult;
- The individual has been charged with, or has a conviction for, the ownership, production or distribution of child pornography.

The IPBA considers the following list of offences to be relevant, and each case will be considered in a case-by-case basis:

- Offences against the person, e.g. assault, harassment, coercion;
- Breaches in trust, e.g. fraud, theft, larceny;
- Offences against property e.g. arson, armed robbery;
- Domestic Violence;
- Offences against the state.

The IPBA is conscious of not initiating policies that prohibit needlessly against rehabilitated individuals.

Such cases will be objectively determined on a case-by-case basis.
