Introducing North Texas Caledonian Pipes & Drums

The North Texas Caledonian Pipes and Drums was formed in 1977 and has, since, established a strong legacy of musical excellence. The NTCPD promotes Scottish culture throughout the North Texas area and is a consistent winner of competitions throughout the USA. Under the leadership of Pipe Major Don Shannon, the band has had the opportunity to play with a variety of accomplished musicians, including The Chieftains, Carlos Nuñez, Rod Stewart and Michael W. Smith.

The current Lead Drummer is Ed Best.

The NTCPD is a regular performer at festivals and Highland Games across the United States, as well as performing at local church services, golf tournaments, concerts, and more.

This pipe band is an all-volunteer organization, where members from across North America and as far afield as Northern Ireland donate their time, energy and resources to make the NTCPD a world class performance and competition band.

Good luck to all competitors in the
77th All Ireland Pipe Band Championships!

Music of Historical Significance

70's Tribute

Arena 1 15.30

Pipe Band

Secretary Kenneth Stewart, Pipe Major David Caldwell & Lead Drummer John Scullion recreate for us the historically significant first forays in pipe band Medley Selections of the 1970s.

Background

In the years before 1970 all Pipe Band Competition was based on the standard MSR format.

Then, in 1970, the Scottish Pipe Band Association took the decision to introduce Medley competition. Pipe Majors and Lead Drummers were now presented with the opportunity of creating performances, which would reflect their particular musical tastes.

Shotts and Dykehead Cal. opened their performances with marches composed by Tom Muirhead, an accordion player.

Edinburgh City Police Pipe Band concentrated on dance strathspeys, reels and jigs.

Glasgow Police Pipe Band won their first World Champion title in 1976.

Dysart and Dundonald Pipe Band introduced a new dynamic to the Medley performance in 1977.

The new medley performance also enabled the use of musical harmony and a new judging category of Ensemble was introduced.

Pipe Major David Caldwell and Lead Drummer John Scullion have formed the 70s Tribute Band with the aim to recreate some of the winning medley performances of that era.

Today they will perform the Shotts and Dykehead Caledonia Medley, which won the World Championship title in 1973.
